- Skill-Oriented IT Engineer with expertise work experience in Programming, Neural Networks, CNN, Machine Learning, and automation technologies. Developed projects using CNN algorithm for Mute and Blind people and Paper for the same is about to get accepted by Springer Foundations. I've a keen Interest of writing Technical Blogs as well. Seeking to leverage the first-hand Experience with Machine Learning and Neural Networks Technology and integrated systems to become the LEAD ML Developer at a Young Age.

🎓 Education

08/2018 – present	Vishwakarma Institute of Technology, Bachelor of Technology • Pursuing INFORMATION TECHNOLOGY as Area of Specialization. • SGPA(Sem III): 8.09/10	Pune, India
05/2016 – 05/2018	MacroVision Academy, Higher Secondary • XII CBSE Boards : 84% • Maths Score: 90/100	Burhanpur, India
10/2012 – 05/2016	Christ Jyoti Senior Secondary School, High School • X CBSE BOARDS CGPA: 9.6 /10	Satna, India

💼 Professional Experience

06/2020 – present	The Robotics Forum, Administrator • As an Administrator we have a responsibility of smooth and interactive conduction of Technical Workshops, hands-on Learning Experience with Corporate Projects. • Currently Working as SUMMER INTERN at TRF and generating Solutions to the challenges provided in vivid Domain from ML to OOPS.	Pune, India
05/2020 – 05/2020	KPMG, DATA ANALYTICS CONSULTANT • This was a VI based Internship provided by KPMG under the assistance of InsideSherpa. • Developed An Analysis Model for Generating drive in Sales. • Fascinated to see how data is transformed into usable information, which is then formed as part of a business plan to drive growth.	

02/2020 – 05/2020

Vestige Marketing Pvt. Ltd., Marketing Team Lead

- Accelerated Team Building, Network Building, Business Development, Communication Enhancement, Follow-Up strategies with Practical onfield Interaction.
- Created and handled a team size of 20+ associated. We as a Team achieved a total turnover of 0.1 million within 3 months.
- Conducted Talk Seminars for the Promotions of the Organisations.
- Assisted in Follow-ups to fetch growth.

10/2019 – 01/2020

IIT KHARAGPUR, Campus Ambassador

Pune, India

- Was the head Incharge of creating On-field Campus Marketing Strategy for the Kshitij Event.
- Was leading with the role of Leads Generation via campus table tents, social media promotions and developed Marketing Strategy.

Projects

Sign to Speech Conversion, An Automated System for Mute People

- The Core implementation was based on CNN Algorithm which inputs the gestures mainly American Sign Language which is captured in Real Time and Generate Voice Feedbacks for the Sign Language to Communicate.
- Classified and Developed a classifier with Accuracy of 99% eliminating Overfitting conditions.
- Frequent Code Reviews.
- Supervising the Team.

VISION-I, A Blind Assistance System

- This was a blind assistance system developed using TensorFlow APIs.
- It assists the Blinds in Identifying Objects in Real-Time for Obstacle Detection and Navigation.
- Estimates an approximate distance of it and generates the voice commands for the same.
- Developed the core Working Model Prototype.
- Directed the Team for Implementation.

Phonebook Management With Tries, An AutoComplete Search Suggestion

- This was a project build under C++ Language.
- Utilised Trie as a Data Structure for core Auto Complete Suggestion if the Details are present in the root Directory.
- Frequent Code Reviews

Online Resume Portfolio

- This is a Front-End Based Website Hosted with GitHub.
- It's used as a Portfolio Website to showcase the accomplished Achievement and Know-How of an Individual.

Courses

06/2020 – 07/2020

Machine Learning and Data Science Bootcamp, LearnCodeonline

- This was a course based on Machine Learning Algorithms covering from Data Preprocessing, Feature Scaling, and Complex ML Algorithms.
- Fascinated to learn use of Libraries like NumPy, Pandas, Matplotlib, Seaborn, Scikit Learn.
- Practised hand on Training and evaluation Metrics to generate accuracy.

06/2020 - 06/2020

AutoML for Computer Vision with Microsoft Custom Vision, Coursera

- This was a starter course to Azure Cloud Computing Services mainly SaaS.
- Have explored Microsoft Azure's Cognitive Services Framework for Development and Integration.

05/2020 - 05/2020

Introduction to TensorFlow for Artificial Intelligence, Machine Learning, and Deep Learning, deeplearnin.ai

- This was a course covering Advanced Fundamentals of Neural Networks, Deep Learning and Computer Vision.
- Accelerated Deep Learning experience with Computer Vision.

Certificates

DATA ANALYTICS CONSULTING VIRTUAL INTERNSHIP

Machine Learning and DataScience Bootcamp

By LearnCodeOnline

AutoML for Computer Vision with Microsoft Custom Vision

Issued by: Coursera

Microsoft Virtual Experience Programme

Introduction to TensorFlow for Artificial Intelligence, Machine Learning, and Deep Learning

Issued by: deeplearning.ai

RESTful API with HTTP and JavaScript

Issued by: Coursera

Skills

C Language

Python

Neural Networks

HTML,CSS,BOOTSTRAP

C++

NumPy, Pandas, Keras ,
Tensorflow

Data Preprocessing,
Feature Engineering

PHP,MYSQL,PL/SQL

Publications

REAL TIME OBJECT DETECTION FOR VISUALLY CHALLENGED, ICMLIP by SPRINGER

- The paper is Submitted and Accepted by the Conference for Publications.

Sign to Speech Conversion, IEEE

- The paper is Submitted to IEEE Conference and Confirmation is Awaited.

Awards

Best Mind of Satna, Rotary Club

- Awarded as the runner up for the competition organised by Rotary Club.

Intra School Science Exhibition, Christ Jyoti Senior Secondary School

- Awarded as the First Prize for The Intra-School Science Exhibition Competition.
- The project was based on Artificial Dialysis System.

Organisations

Biosash Business Pvt. Ltd., *Marketing Team Lead*

Pune, India

- This was a position offered by the Individual Business Owners of the Organisation.
- Have Generated Awareness for the Health-Oriented Nutritional Values.
- Conducted Seminars for the Promotions of the Organisations.

Interests

Blog Writing, Photography, Physical Fitness, Badminton
